The BAHS owns and operates the provincially registered 1835 Historic James House Museum on a seasonal basis but we often have events year round. We have a genealogical and resource library and a little gift shop with many local family histories and fun stuff. (We also have a genealogist who does family research for an hourly fee. 902-825-1287) The museum is run by volunteers and, in season, one or two summer student interns. Members receive three online newsletters per year filled with lots of interesting information. Note: We are often interested in items that you wish to donate which are pertinent to our local history.

We are a registered non profit organization and can offer receipts for Donations, Memberships, and Bequests.

For a business membership, please refer to the Business Membership/Donation Form.
